**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The ability for all broadband providers to compete on an equal footing is critically important to the consumers who need access to those services at an affordable cost and to the overall health of the Internet itself. Please don't let one of the best things to come humanity's way be ruined by anti-competitive behavior by giant telecoms. Monopolies suck.
